ABOUT NEBOSH

NEBOSH (The National Examination Board in Occupational Safety and Health (UK)) was formed in 1979 as an independent examining board and awarding body with charitable status. NEBOSH offers a comprehensive range of globally-recognised, vocationally-related qualifications designed to meet the health, safety, environmental and risk management needs of all places of work in both the private and public sectors.

Courses leading to NEBOSH qualifications attract around 30,000 candidates annually and are offered by over 400 course providers in 80 countries around the world. NEBOSH qualifications are recognised by the relevant professional membership bodies including the Institution of Occupational Safety and Health (IOSH), the International Institute of Risk and Safety Management (IIRSM) and the Institute of Environmental Management and Assessment (IEMA).

ABOUT THE COURSE

The NGC/IGC qualification meets the academic requirements to apply for Associate (AIOH) and Technical membership (Tech IOSH) of the Institution of Occupational Safety and Health (IOSH), and Associate membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM). It provides a basic grounding in health & safety essentials in the following areas: Concepts of health and safety law, policy, risk assessment, accident investigation and prevention, safety culture and Identification and control of hazards in the work place.

WHO SHOULD ATTEND?

Managers, supervisory, worker representatives and others who require a broad knowledge and understanding of health and Safety principles and practices. The Certificate provide provides a sound basis for evaluating risks and hazards in any country, in any business. The NEBOSH International General Certificate is also suitable for those embarking on a career in health and safety, providing a valuable foundation for further professional study.

The NEBOSH General Certificate is also suitable for those embarking on a career in health and safety, providing a sound basis for progression on to the NEBOSH Diploma.

WHAT ARE THE BENEFITS FOR EMPLOYER?

The NEBOSH International General Certificate will benefit organizations operating outside the UK, and multinational companies working to international standards who are seeking to implement good health and safety management across all areas of their operation. Ensuring that line managers have a sound understanding of the principles of managing risk is a key building block of an effective safety culture. The choice of course format can allow employers to fit training around the needs of the business.

WHAT WILL I GAIN?

Knowledge – Whether health and safety is your main responsibility, or just a part of what you do, the NEBOSH International General Certificate will give you vital knowledge and understanding To help you perform better in your role.

Enjoyment – You'll enjoy taking the NEBOSH General Certificate . You'll discover techniques that are useful and practical in your industry, not just theoretical.

Recognition – Holders of the NEBOSH International General Certificate in Occupational Health & Safety are entitled to Associate Membership (AIOSH) of the Institution of Occupational Safety & Health (IOSH). The qualification also meets the academic requirements for Technical Membership (Tech IOSH) of IOSH.

Career prospects – For some, the NEBOSH General Certificate is a first step towards a life-long career in health and safety. For others, it forms part of an important set of qualifications that brings them success and advancement in whatever field they choose.

WHAT DOES THE QUALIFICATION COVER?

The NEBOSH International General Certificate in Occupational health & Safety course covers a range of workplace hazards and methods of control. It includes international standards for safety and health management including International Labour Organisation codes of practice. Local laws and cultural factors may form part of the study programme where relevant and appropriate. The qualification is divided into three units, each of which is assessed separately:

- Unit NGC1/IGC 1 - Management of health and Safety
- Unit GC 2 - Controlling Workplace Hazard
- Unit GC 3 - Health and Safety Practical Application

NGC1/IGC 1 and GC2 are assessed each by a closed book 2 hours written exams with both unit Exams written the same day. GC 3 is assessed by a practical risk assessment which is submitted within 10 days of the written examinations.

ENTRY REQUIREMENT

Although the course can be taking without previous study; some experience of health and safety Is beneficial. Also the IOSH managing or working Safely course are good foundation for the course .

CERTIFICATION

Students will receive a unit certificate for each unit passed. On successful completion of all units making up The NEBOSH International General Certificate in Occupational Health & Safety, the student will receive the Overall Qualification Parchment. This modular structure provides greater flexibility enabling students to choose to study individual units in any order over a five year period.

Students who are successful in an individual unit will be issued with a Unit Certificate, normally within 8 weeks of the issue of the result notification. Units are not graded and the unit certificates will show a 'Pass' only. Once a student has achieved a Pass in all three units and the overall qualification grade awarded, a qualification parchment will be issued, normally within 8 weeks of the issue of the result notification.
